Please note: If you are applying for the 2-year MPhil (EDM2PRI) or the PACES to MEd (EDM15PRI), please complete the task below.

If you are eligible for and applying for the PGCE to MEd (EDM14PRI) it is not necessary to upload this task with your application.

Masters Primary Education

Applicants' Written Task

Please write 1500-2000 words on 'The role of research in developing primary/elementary education policy and practice'. In writing this short essay, please refer explicitly to relevant published research studies and to your own experience and aspirations.

Please upload this with your other application documents.

Please note that applications cannot be considered unless the application form, both references and written work have been received.
